

# **Revolutionary Space Saving Cookware!**

# SmartSpace cookware not only saves space on the cooktop, it also saves space in your cupboards!

SmartSpace was designed to stack. Each pot stacks neatly inside the next. The revolutionary handle is removed and stored at the click of a button. SmartSpace cookware can also be used to store food in your fridge. The clever steam venting system doubles as a seal for storing.

SmartSpace is smart cookware that fits even the most compact stoves.

Round pots waste a large portion of any cooking surface. This can be particularly frustrating in RV's, caravans, motorhomes and boats. SmartSpace cookware makes smart use of your cooktop.
