

12V BLUETOOTH SOUND BAR

Experience the convenience of wireless high-quality audio in your caravan.

The Aussie Traveller 12V Bluetooth Soundbar is the perfect addition to your RV or caravan TV setup. The ultra-slim profile fits neatly under the TV to help improve sound for your favourite shows or movies.

With the Wireless 5.0 Bluetooth connectivity built-in it is easy to connect to your TV, phone, tablets and other devices for easy listening to music.

Enjoy the high-fidelity in-depth sound and powerful bass of the 12V Bluetooth Soundbar thanks to the full range driver speakers.
