

CARAVAN & RV TABLE LEGS

A strong and durable leg for any table in your RV or caravan.

Aussie Traveller brings you the Caravan & RV Table Legs. Manufactured to be a strong and functional, as well as a sleek and modern addition to your RV. Available in Silver or Black, they are perfect for smaller RV's including camper vans, camper trailers, motorhomes and hybrid caravans where space saving is important.

Easy to install with 2 x base plates included to allow use in multiple locations within the RV.

The table leg permits the tabletop to rotate a full 360 degrees and can be securely locked into any desired position. The adjustable levers enable positioning the arms either vertically or horizontally, and the leg height is adjustable in both upward and downward directions through the mounting plate.

Whether you're swapping out an old table, setting up a new one, or simply adding an extra table, these caravan and RV table legs offer a sturdy foundation for your tabletop.

FEATURES

- Long-lasting adjustment handles
- No 'bulky' base plates
