PRODUCT NAME:

MT-V80FC (MT80F-G4CD-V): 75 LITRE COMBI CHEST FRIDGE / FREEZER

DIGITAL MT-V SERIES

SUPPLIER:	ENGEL
Long description/ product summary:	<p>MT-V80FC (MT80F-G4CD-V): 75 LITRE COMBI CHEST FRIDGE / FREEZER DIGITAL MT-V SERIES</p> <p><i>NEW MODEL...</i> The Digital MT-V Series unit features user friendly digital control with built in battery monitor. A thermostatically controlled fan is built into the insulated wall that separates the fridge and freezer compartment. The fan draws air from the freezer compartment and maintains the fridge compartment at +4 degrees by cutting in and out between +2 and +5 degrees. Upgraded features include the new Door Latch Assembly and Carry Handles. This unit has all the features, efficiency and reliability you have come to expect from Engel, including being powered by the world renowned "Sawafuji Swing Motor". Look for the distinctive Gunmetal finish, rugged steel casing, steel lid and steel handles which double as tie down points. Comes with fixed lid hinges and the optional removable hinge is included. Supplied with both cords, the 12 volt cord that plugs straight into your vehicles cigar socket and the 240 volt lead with three pin plug. Auto switching as standard removes the need for the user to switch the power sources manually.</p> <p>The MT-V80FC is compatible with the range of accessories for the MT-V8</p>

A LEGEND IN RELIABILITY®

ENGEL MT-V
SINCE 1962
Fridge/Freezer

Key Features and Benefits:

- Can be used as a combination of Freezer and Fridge by adjusting the digital thermostat. The Freezer must be kept at a temperature of -5 to -18 for the Fridge to maintain +4 degrees
- User friendly set & forget digital temperature control
- Sawafuji Swing Motor – renowned for only having 1 moving part & being specially designed for 4X4's as it works efficiently at angles of up to 35 degrees & on the toughest corrugated roads without losing efficiency.
- DC Power Consumption Variable from 0.5 - 4.2 Amps/Hr
- Battery Monitor Protection – Hi (11.5 Volts) / Lo (10.5 Volts) / Off
- Robust Steel Construction – Melamine Steel Coated
- Stainless Steel Hinges & Door Latch Assemblies
- Steel handles makes it easy for carrying or to use as a Tie Down Point
- Tri-Voltage – Automatic Voltage Selection (12 & 24 Volt DC and 240 Volt AC)
- Reverse Polarity Protection (internal fuse)
- Internal Baskets (Freezer / Fridge)
- 5 Year Warranty – Compressor / Swing Motor
- 3 Year Warranty – Power Supply, Temperature Control Assembly, Thermistor/s and Fan Motor
- 12 Months Warranty – Basket, Door Latch Assembly, Carry Handles and Cabinet Assembly
- Australia wide service network
- Wide range of approved Engel accessories
