

Portable Petrol Generator HYUNDAI HY3200SEi

GENERAL FEATURES

• MODEL	HY3200SEi	• KVA	4
• TYPE	Portable	• FRAME	Tough caseing + built in Wheel kit

DESCRIPTION

The HY3200SEi is a compact yet powerful portable inverter generator providing a convenient and cost effective source of power, producing 3200w/4.0kVA the HY3200SEi is ideal for caravans and motorhomes allowing you to take the modern luxuries from home with you wherever you go.

The HY3200SEi, has integrated carry handle for easy portability and storage, perfect for the back of a van, car, or garage. Weighing only 35kg combined with the folding front, moulded rear handle and heavy duty rear wheels makes transportation easy across a variety of surfaces . The HY3200SEi houses a new inverter board designed to cope with the extreme inductive loads. The new LCD display makes it easy to monitor the performance of the generator, displaying voltage, frequency and hour count.

CONTROL PANEL

OUTLETS: 2 x 15 Amp
