23L FLATBED MICROWAVE OVEN NCE23LSBFB RRP \$199

Introducing the NCE Flatbed Microwave Oven, first of its kind to the RV Industry now with a new design facelift. A stylish combination of brushed aluminium surround, black glass door insert, black control panel and black interior is now available. The flatbed design eliminates the need for a turntable, resulting 45% more useable cooking area than a standard turntable 23 litre microwave oven. Larger usable space makes cooking and reheating larger portions quick and easy with even results. The unique diamond cut design on the microwave cavity back wall enhances the reflection of microwaves for faster, more even results. Without the glass tray and roller guide, it's perfect for RVs, homes or office installations.

NCE standard terms of trade apply. Valid from May 2020. Correct at time of printing. Errors and omissions excepted.

Diamond Cut Technology

The unique Diamond Cut Technology enhances the reflection of microwaves for faster, more even results.

Easy to clean

Grease and dirt usually hides beneath the turntable, making cleaning difficult. However, the flat plate can be easily wiped clean, without removing any delicate parts.

Large cooking space

The exclusion of the turntable allows for full use of the cooking space. You no longer need to worry about the dish getting stuck, and hitting the sides of the microwave oven.

315*335mm rectangular plate

Φ270mm turntable

Specifications
