

SCANSTRUT®

12/24V Waterproof Wireless Phone Charge Range.

10W

ROKK™

WIRELESS.

Surface 10W is a low-profile, flush-mounted charge pad with a contemporary look with two-tone color, designed to complement modern interiors and exteriors. Designed to fit to any smooth surface, indoors or out.

Our new upgraded 10W chargers are up to 60% faster and have been designed for the latest generation of power-hungry devices and apps.

Our improvements don't just stop there, now featuring easier phone alignment with a larger charging area, and electrical componentry that has been enhanced to significantly improve your phone's charge times, even in the harshest outdoor environments.

With the same great look, ROKK Wireless is tried and tested in all corners of the globe in all weathers, and conditions.
