

LITHIUM-ION JUMP STARTERS

PORTABLE EMERGENCY
POWER SUPPLIES

Jump Packs

10,400mAh

800amp

HU6510

Specifications

- Lithium Cobalt Battery
- Battery Capacity:10,400mAh
- Starting Current:400amp
- Peak Current:800amp
- Charging time:2 - 4 Hours
- Input:15 Volt 1amp USB
- Output:5 Volt 3amp
- DC Output:12 Volt 3amp
- On / Off Switch
- Multi-function LED Display – Shows charge level and current levels
- Wireless Charging – 10 Watt
(Only supports charging wireless devices)
- Dual “C” Type Inputs
- Dual USB Ports – Can charge phones, mobiles devices etc.
- Unique Black Tyre tread Rubberised Housing
- Multi-mode LED Flash light with solid, SOS and Strobe flash modes
- Cycle Life:1,000+ cycles @ 80% depth of battery charge
- Reverse Polarity Protection
- Short Circuit and Over Discharging Protection
- Over heat Protection
- Operating Temperature: -20°C to +70°C
- Dimensions:158mm (L) x 75mm (W) x 31mm (H)
- Warranty:1 Year
- Can be used as a power source for most electronic devices.
LED Display shows remaining battery charge.

Jump Packs

18,000mAh

2,000amp

HU6511

Specifications

- Lithium-ion Battery
 - Battery Capacity:18,000mAh
 - Starting Current:1,200amp
 - Peak Current:2,000amp
 - Charging time:5 - 6 Hours
 - Input:18 Volt 1.5amp USB
 - Output:5 Volt 2.1amp
 - DC Output:12 / 16 / 19 Volt 3.5amp
 - On / Off Switch
 - Multi-function LED Display – Shows charge level and current levels
 - 12 Volt 4amp and 19 Volt 3.5amp Outlets
 - 18 Volt 1.5amp Input
 - Dual USB Ports – Can charge phones, mobiles devices etc.
 - Black and Grey Rubberised Housing
 - Multi-mode LED Flash light with solid, SOS and Strobe flash modes
 - Cycle Life: 1,000+ cycles @ 80% depth of battery charge
 - Reverse Polarity Protection
 - Short Circuit and Over Discharging Protection
 - Over heat Protection
 - Operating Temperature: -20°C to +60°C
 - Dimensions:193mm (L) x 116mm (W) x 40mm (H)
- Warranty:1 Year
- Can be used as a power source for most electronic devices.
LED Display shows remaining battery charge.

Jump Packs

28,000mAh

2,500amp

HU6512

Specifications

- Lithium Cobalt Battery
 - Battery Capacity:28,000mAh
 - Starting Current:1,200amp
 - Peak Current:2,500amp
 - Charging time:5 - 8 Hours
 - Input:15 Volt 1amp USB
 - Output:5 Volt 2.1amp
 - DC Output:12 / 16 / 19 Volt 3.5amp
 - On / Off Switch
 - Multi-function LED Display – Shows charge level and current levels
 - Dual 12 Volt and 19 Volt Outlets – both 3.5amp
 - 18 Volt 2amp Input
 - Dual USB Ports – Can charge phones, mobiles devices etc.
 - Black and Grey Rubberised Housing
 - Multi-mode LED Flash light with solid, SOS and Strobe flash modes
 - Cycle Life:1,000+ cycles @ 80% depth of battery charge
 - Reverse Polarity Protection
 - Short Circuit and Over Discharging Protection
 - Over heat Protection
 - Operating Temperature: -20°C to +60°C
 - Dimensions:193mm (L) x 116mm (W) x 40mm (H)
- Warranty:1 Year
- Can be used as a power source for most electronic devices.
LED Display shows remaining battery charge.

Features

LED Display

Multi-function showing the battery charge levels and the current levels.

LED Flash Light

An in-built LED Torch with multiple illumination modes such as solid on, SOS (constant flashing) and Strobe flashing.

Battery Cable Socket

Battery terminal socket to insert the battery clamps and lead to the jump starter.

Input and Output Charging Sockets

All units come with multiple inputs and outputs for charging phones, mobile devices or powering 12 Volt accessories.

Wireless Charging

Place phone on top of the jump pack for wireless charging (Only supports compatible wireless charging devices).

**This feature is only available on the HU6510 unit.

Included Accessories

EVA Protective Carry Case

The Hulk Professional Jump Packs are supplied with an EVA Protective Carry Case that provides them protection and it also provides neat storage of all the accessories listed below. A convenient Carry handle provides easy transportation.

Battery Cables

Quick connect coloured coded Battery Clamps with leads make for easy connection between the battery and jump pack. The Battery Clamps are spark proof and provide protection against reverse polarity with a LED also illuminating to confirm correct connection.

Charging Cables

Multiple Adaptor Plugs provide easy connection and charging to Laptop devices (only supplied with HU6511 and HU6512).

A 3 in 1 USB Cable is supplied for connection and charging of mobile devices such as phones, tablets, cameras or any other electronic devices (only supplied with HU6511 and HU6512).

HU6510 is supplied with a standard USB Cable.

Car Charging Socket

A charging socket with plug-in cigarette adaptor for easy charging on the go of the jump pack in your vehicle (only supplied with HU6511 and HU6512).

240 Volt AC Charging Adaptor

Whether you are at home, in the office or the workshop, this 240 Volt AC Charging adaptor provides quick and easy recharging of the jump pack (only supplied with HU6511 and HU6512).
